

METRO RIDES '09-10

Because many of our students come from different and distant areas of town, transportation is often an issue. METRO RIDES, a program run by the city of Colorado Springs, can assist parents with carpooling, free of charge. METRO RIDES will run a confidential sort of **only** our students, by area, and send a printout to each family of other students who live in close proximity. Each family is then responsible for contacting potential carpool members.

Even if you are not interested in committing to a car pool, having the names of CSS families close to you may be helpful at other times for sports practices, special activities or emergencies.

If you would like to participate in the METRO RIDES program, please indicate so by checking "Yes" and signing below. Please return this form to the school and we will then provide parental name(s), address and phone # to METRO RIDES.
